EVENT WASTE MANAGEMENT PLAN

Services provided in six easy steps:

Step 1

Discuss the event's needs: size, timeframes locations and pre-plan services to determine your event requirements.

Step 2

Develop a collection solution specific to the event: Bin numbers, distribution and collection timeframes.

Step 3

Installation and set up of equipment immediately prior to the event.

Step 4

Providing systems and personnel on the day to:

- Monitor waste production levels in the high waste generations areas
- Empty or exchange bins when required
- Work closely with the event organisers

Step 5

Post event – removal of waste and equipment from the event location.

Step 6:

- Recycling waste reports and a performance review
- Implement required system changes following the performance review
