

ENVIRONMENTAL POLICY

Instant Waste Management is responsible for implementing and managing waste contracts for Local and State Government, private and commercial stakeholders.

We recognise and accept our responsibility to ensure all services, transport and storage activities are conducted in an environmentally responsive manner.

Consistent with this, Management will ensure that:

- All applicable legislation, standards, guidance notes, and codes of practice are complied with.
- Communicate openly with the Government and the community on environmental issues.
- Employees and contractors are consulted with ways to identify, control, and monitor environmental risks.
- All management, employees, and contractors are aware of their responsibilities in relation to this policy.
